Good Night, Sleep Tight

Daily Food

Proper nourishment leads to better health, better learning and better futures. The staff of Omoribe prepares meals for an average of 33 growing children everyday. The cost to feed one child is \$1.17 per day for a total of \$35.00 a month. This is a monthly cost of \$1,155.00 needed per month to assure that these children are able to eat. By supporting Omoribe, you are making an important investment in the future success of the nation of Kenya through these children. [Donate to Food Fund](#)

Restroom Remodel Completed

THANK YOU! The Omoribe Project was recently able to renovate the restroom facilities for the children. The total cost of the project was around \$500 and included rebuilding stall doors, fixing crumbling walls and repainting the entire structure. The work was completed by local repairmen and some of the older students helped with painting.

Dress For Success

Daily wear and tear as well as growing kids means that it is time again to purchase school uniforms for some of the children. Omoribe needs 14 uniforms which cost **\$44.00** each. A complete uniform includes a sweater, shoes, socks, shirt, and shorts or skirt. Sweaters are \$11.00. Shoes are \$15. Socks cost \$2.50. A shirt is \$5.50, and shorts or a skirt are \$10.00.

Good Night, Sleep Tight

A good night's rest is important to everyone, and the children at Omoribe are no exception. Their current wooden beds have broken slats and many of the children sleep on mattresses on the floor because they can no longer comfortably sleep in their bed. The wooden beds can also become infested with bed bugs. The Kenya Health Department has recommended that the beds be replaced with metal framed beds to prevent this problem.

Omoribe needs 20 metal bunk beds to replace the existing beds. Each bed costs **\$135.00** for a total of \$2,700 which includes the cost of delivering the beds to the dorm.
